

Quality Engineer

Electronics

Job type: Full-time, Permanent

Salary: HKD\$30,000 - \$45,000 per month (13months)

Location: Sha Tin, Hong Kong

Who We are

We are PMD Engineering Ltd, based in Shatin, Hong Kong, part of the Precision Microdrives Group that supply high quality miniature motors and mechanisms into demanding applications across many industries. Our challenge is to build and run a world-class engineering operation to manufacture difficult and high precision motor driven assemblies and products for consumer, industrial and medical applications. Successful manufacturing is all about repeatability and dependability; if you enjoy getting into the detail, and are passionate about the precision of the output, we would like to hear from you.

Role Description

We're excited to open a new vacancy for a dedicated Quality Engineer for our team - this is a vacancy for someone who is enthusiastic about "doing it the right way". This is where you come in, to reliably deliver on our promises.

Responsibilities

- Oversee, guide compliance and manage the Quality Control processes, covering inbound material and assembly line in process control.
- Problem solve using your experience and by applying systematic approaches.
- Document tests, report findings and issue recommendations for non-conformities.
- Raise, progress and close quality issues and non-conformities
- Work problems back to source implementing corrective actions as required.
- Assist management in developing, implementing, maintaining and improving quality management systems.
- Assist in creating test plans and test cases.

- Ensure all testing deliverables are meeting project milestones and quality standards.
- support QC gates, quality data analysis and drive for quality improvement.

Requirements

- Degree in Mechanical, Electrical, Manufacturing, Computer Science Engineering or a related discipline from an accredited institution.
- Minimum 5 years relevant experience in quality management.
- Auditor training in quality management systems.
- Proficient in relevant international standards in quality.
- Superior interpersonal and communication skills.
- Excellent reporting and presentation skills and fluent in English, Cantonese and Mandarin.

Employment Details and Benefits

- Competitive pay package.
- A modern and highly innovative working environment.
- Based in Shatin, Hong Kong.
- Full time, permanent, 5 day working week (Monday - Friday) 9:00am ~ 6:00pm day with 1 hr lunch
- Flexible working hours (+/- 1 hr flexitime) 14 days paid holiday, plus HK public holidays*, plus birthday off (*public holidays which fall on Sat are not rolled forward)
- Group medical insurance benefit Monthly performance incentive scheme

We want to hear from you!

If this sounds like an ideal job for you, then please get in touch by emailing us your resume and a cover letter; we'd like to hear your story, and get to know you a bit before an interview.
